

HAWORTH

Fern Knit 2

A Haworth Digital Knits Inspiration Guide

Bringing Fashion to Furniture

The refined coziness of your favorite sweater. The support and style of the latest running shoe. Haworth Digital Knits combine it all, applying the advanced knitting technology used in fashion to office furnishings. The result brings beautiful knit patterns, soft high-performance fibers, and breathable comfort into the workplace—and right to your desk chair.

Fern: Refined, Sustainable Comfort

Fern knit-back task seating features inlaid lofted-knit quilting in an elegant honeycomb pattern that welcomes you with flex for movement and a plush, breathable extra layer of comfort. Made from soft recycled polyester yarn, each Fern knit-to-fit back diverts 17 plastic water bottles from landfills, supporting sustainability efforts, decarbonization, and Haworth's net-zero strategy. Eight color options offer on-trend design combinations that range from subtle to stunning when paired with a variety of available seat upholstery. Browse through the following palette suggestions and let them inspire you.
